

RFMM

The RFMM DC/DC converter is typically used in cost sensitive general purpose power isolation and voltage matching applications. Despite its low cost, it is a fully specified converter with 4kVDC isolation, industrial operating temperature range of -40°C to +85°C without derating and UL/EN certifications.

Unique Selling Proposition:	<ul style="list-style-type: none"> Low cost 1W DC/DC converter 4kVDC/1sec high isolation Low output ripple Industry standard pinout
Target customer:	<ul style="list-style-type: none"> Industrial General purpose Price-sensitive applications
Main Features:	<ul style="list-style-type: none"> 1W single output Efficiency 80% 4kVDC high isolation -40°C to +85°C operating temperature
