

RAC02-GA Extension

To expand upon the early success of the RAC02-GA series, new modules with 3.3, 15 and 24V output are now available. The RAC02-GA series are low cost AC/DC power supplies, ideal for PCB mounted, compact, board level industrial applications. They feature universal AC input voltage range, regulated and short-circuit-proof isolated DC outputs, low standby power consumption and -25°C to +80°C operating temperature range. The RAC02-GA have a built-in Class A / FCC Part 15 EMC filter, are certified to EN60335, EN60950 and EN62368 safety standards and come with a three year warranty.

Unique Selling Proposition:	Low cost AC/DC 2W Wide operating temperature range Class II design with no FG EN55022 class A Fully protected outputs EN60335-1 certified
Target Customer:	House hold Building automation Industrial electrical equipment Factory automation equipment Smart house/building applications
Main Features:	Low cost AC/DC 2W Wide operating temperature range Class II design with no FG EN55022 class A/B EN60335-1 & EN55014-1 EMC certified
