

Kycon Adds Vertical High Current Locking Type DC Power Jack

Kycon has expanded their Power Jack series by adding a Vertical High Current Locking Type DC Power Jack.

This component features a built-in on/off switch. The KLDVHCX locking type series is rated at 5A and is available in a 2.0mm diameter and 2.5mm diameter for applications like laptops, computers, modems and other portable electronic devices.

When stability is a key aspect, this component can be combined with a Kycon Locking Plug for a positive lock.

Key Specifications:

- 2.0mm & 2.5mm pin diameter
- Similar foot print to Kycon Standard Vertical DC Jacks
- Built-in DC On/Off Switch
- Current rating up to 5A
- Complements the Kycon Locking Plug KLDX-PA-0202-A & KLDX-PA-0202-B

Part Numbers:

- KLDVHCX-0202-A-LT 2.0mm centre pin diameter, Locking Type
- KLDVHCX-0202-B-LT 2.5mm centre pin diameter, Locking Type
