

Kycon introduces a Middle Mount Audio Jack

A new 2.5mm mid-mount option has been added to the Kycon audio jack range. The STX-25442 series increases flexibility to board mount designs for applications that require a smaller size, lower profile and a higher function component. The new mid-mount audio jack is suitable for portable audio equipment, mobile and smart phones.

Key Specifications:

- 2.5mm diameter opening
- 4 pole and 5 pins

Part Number:

- STX-25442-5N-TR
