

## Kycon adds another USB Connector to their product range

The new High Temperature USB A-type receptacle connector has a shorter body. The latter does not compromise USB characteristics and the smaller package fits into space constrained designs whilst being able to withstand extremely high temperatures.

### Key Specifications:

- A-type, No flange
- Through-Hole PCB mount
- Gold-Plated contact area
- High temperature plastic
- Halogen Free
- RoHS and REACH Compliant

### Part Number:

- KUSBXHT-SB-AS1N-B30-NF
