

FP Series Pushbutton Switches

APEM complements its range of large illuminated pushbuttons with a diameter 26 mm series featuring easy & rapid to install thanks to its snap-in mounting with metal clips.

The FP range also includes:

- FP 24mm models, mounted by threaded bushing and sealed to IP69k.
- FP 30mm models, mounted by threaded bushing or snap-in, with gloss finish – chrome plated version available.

With its large diameter & its fully illuminated plunger, the FP 26mm is suited for dashboard designs while remaining highly visible.

The whole FP range is engineered to suit integrated designs. Combining attractive design and robustness, is ideal for applications including tractors, buses, trucks, cranes and automotive.

Key Features

- Fully illuminated plunger
- Snap-in mounting
- Operating temperature: -40°C / +75°C
- Pad printed or laser etched symbols
- Momentary and latching
- Mechanical life:
 1. Momentary: 1 million cycles (gold plated contacts), 400.000 cycles (silver contacts)
 2. Latching: 200.000 cycles

Benefits

- Large pushbutton, illumination, pad printed/laser-etched symbols
- Snap-in mounting with robust metal clips
- Custom colours (pantone,RAL), fineness of laser-etched symbols
