A01ESD Emergency Stop Switch

APEM expands its range of emergency stop switches with a dia. 16 mm robust, compact and aesthetic model, the A01ESD series. The A01ES-D is ergonomically designed for the user with four compact and modern actuator styles available. The A01ES-D is safe and easy to operate and offers quick and easy visual status control. It is approved to EN60947-5-5.

The A01ESD is ideally suited for devices used in non-industrial environments requiring a robust, compact and aesthetic emergency stop (remote control, medical imagery, transport…).

Distinctive features

- Bushing dia. 16 mm
- Approved to EN60947-5-5
- Push to shut-off, twist to release
- Green locked/unlocked status indicator
- AC15, 1.5A 250VAC, 6A 250VAC current/voltage rating
