

RAC20-N Series AC/DC Modules

The RAC20-N series is a universal-input, board-mounting AC/DC module that delivers 20W in a compact 2" x 1" footprint. The converter is pin-compatible with the RAC05-SC, RAC10-SC and RAC20-SB models, offering a simple power upgrade or a cost-down option without requiring any PCB changes.

Unique Selling Proposition:	20W AC/DC power supply Low no load power consumption (<0.25W) Universal Input 90 – 264VAC Wide operation temperature range -40°C to +70°C SCP, OVP, OLP protection IEC/UL/EN60950-1 certified
Target Customer:	Industrial Applications Test & Measurement Systems Portable Equipment
Main Features:	20W AC/DC output power Efficiency up to 83% 2" x 1" footprint 3 year warranty
