

RACD20-LP Series LED Drivers

These low profile constant current LED drivers have been designed for cost sensitive applications. The SELV outputs are suitable for both, independently supplied or built-in power-supply LED luminaires. Their low profile design allows them to be invisibly built into furniture, discreetly mounted under selves or integrated in space restricted applications such as general lighting, accent lighting or troffer lighting systems. The power supplies are short circuit and overload protected and come with a full 3 year warranty.

Unique Selling Proposition: 20W AC/DC Class II LED power supply
Low profile (13mm height max.)
Fully protected (OLP/SCP/OCP/OTP)
Low standby power
Integrated input fuse
-20°C up to +50°C ambient temperature

Target Customer: Furniture lighting
Spotlights
Cabinet lighting
Ceiling lighting

Main Features: 350mA to 700mA constant current outputs
3.75kVAC/1 minute isolation
CE, CB, ENEC, CSA & UL8750 certified
3 year warranty
