

Kycon Offers USB 2.0 Type A Low Profile Vertical Mount Connector

Kycon has expanded their USB series by adding a low profile vertical mount USB 2.0 Type A receptacle to their product line. With a height of 10mm, the KUSBVLPX series is ideal when there are low clearances between the PCB & I/O mating plane. It is an ideal connector for designers of product that have space concerns.

The receptacles are available with either black or white insulators & with standard gold flash plated contacts. 30u" gold plated contacts are available but minimums may apply.

Key Specifications:

- 10mm Height
- Vertical Mount
- Through Hole Contacts
- UL 94 V-0 Rated Thermoplastic

Part Numbers:

KUSBVLPX-AS1N-B

LOW PROFILE VERTICAL MOUNT USB TYPE A, TH CONATCTS, BLACK INSULATOR

KUSBVLPX-AS1N-B30

LOW PROFILE VERTICAL MOUNT USB TYPE A, TH CONATCTS, BLACK INSULATOR, 30u GOLD

KUSBVLPX-AS1N-W

LOW PROFILE VERTICAL MOUNT USB TYPE A, TH CONATCTS, WHITE INSULATOR

KUSBVLPX-AS1N-W30

LOW PROFILE VERTICAL MOUNT USB TYPE A, TH CONATCTS, WHITE INSULATOR,30u GOLD
