

## RAC01-GB

The RAC01-GB series are low cost AC/DC power supplies, ideal for PCB mounted compact, board level industrial power supplies. They feature universal AC input voltage range, regulated, & short-circuit-proof isolated DC outputs, low standby power consumption & -25°C to +80°C operation temperature range. The RAC01-GB has a built-in class B / FCC Part 15 EMC filter, are certified to EN60950 & EN62368 safety standards & come with 3 year warranty.

<b>Unique Selling Proposition:</b>	Low cost AC/DC 1W EN55022 class B without additional external components Wide operating temperature range Fully protected outputs EN55022 class A
<b>Target Customer:</b>	Industrial electrical equipment Factory automation equipment Commercial/office environments Smart house/building applications
<b>Main Features:</b>	Low cost Universal input voltages EN55022 class B without additional external components
