

RAC02-GB Extension

To expand upon the early success of the RAC02-GB series, new modules with 3.3, 15 and 24V output are now available. The RAC02-GB series are low cost AC/DC power supplies, ideal for PCB mounted, compact, board level industrial applications. They feature universal AC input voltage range, regulated and short-circuit-proof isolated DC outputs, low standby power consumption and -25°C to +80°C operating temperature range. The RAC02-GB have a built-in Class B / FCC Part 15 EMC filter, are certified to EN60950 and EN62368 safety standards and come with a three year warranty.

Unique Selling Proposition:	Low cost AC/DC 2W EN55022 class B without additional external components Wide operating temperature range Fully protected outputs EN55022 class A
Target Customer:	Industrial electrical equipment Factory automation equipment Commercial/office environments Smart house/building applications
Main Features:	Low cost Universal input voltages EN55022 class B without additional external components
