

IX Series

APEM's popular I series range of pushbuttons is now evolving with the new IX series, designed to meet demanding markets. The IX series combines the high qualities of the IP and IA series with a backlit switch and 12 mm diameter compact bushing and flexible elastomer membrane actuator.

IX series is recommended for harsh environments and all key markets of APEM: material handling, agriculture machinery, defense, ...

Key features:

- Pushbutton for harsh environment
- Illuminated or non-illuminated
- Compact (12 mm bushing)
- Tactile effect
- Sealing : IP67, IP69K
- Marking on request
